PROFESSIONAL SUMMARY

Data analyst and systems builder with extensive technical documentation experience across data governance, process documentation, API and integration specifications, and version-controlled writing workflows. Skilled at translating complex technical systems into clear, accurate, well-structured documentation for both technical and non-technical audiences. Familiar with XML data formats, docs-as-code practices via Git/GitHub, and maintaining documentation against style and consistency standards across multi-system environments.

PROFESSIONAL EXPERIENCE

Freelance Developer & Documentation Specialist

Jan 2026 – Present

Self-Employed

- ♦ Authored end-to-end technical documentation for production data platforms — covering data schemas, ETL pipeline logic, API integration specifications, refresh schedules, and known caveats — written and maintained in version-controlled GitHub repositories.
- ♦ Produced governance documentation for Capitol Mirror including data dictionary entries, source-to-target mappings, ingestion pipeline specifications, and data lineage records; maintained in Markdown with full version history.
- ♦ Wrote client-facing product documentation, onboarding materials, and technical specification documents for contractor engagements across multiple industries.

Senior Data Analytics Manager

Nov 2024 – Jan 2026

Catalyzt Nutrition, Virginia Beach, VA

- ♦ Maintained the organization's data dictionary, KPI definitions, and metric documentation — ensuring consistent terminology and definitions across all teams and leadership reporting.
- ♦ Authored process documentation, SOP drafts, and data governance standards used across clinical, operations, and finance functions.
- ♦ Produced executive-facing reporting documentation explaining data sources, calculation logic, and known limitations for each metric presented to leadership.

Supply Chain Analyst

Aug 2024 – Nov 2024

Born Primitive, Virginia Beach, VA

- ♦ Created and documented SOPs for supply chain management processes; ensured documentation accuracy and consistency across operational workflows.

EDI Integrations & Data Analyst

Mar 2022 – Jul 2024

Ferguson Enterprises Inc., Remote

- ♦ Authored comprehensive source-to-target mapping documentation, data lineage records, and integration specification documents for ETL workflows on Microsoft Azure.
- ♦ Documented EDI integration logic across 810, 835, 837, 850, 855, and 856 document types — wrote vendor-facing integration guides and internal reference documentation maintained in version-controlled repositories.
- ♦ Built and maintained version-controlled specification documentation for Power BI dashboards; defined naming conventions, metric frameworks, and refresh schedules for organizational reporting standards.

Smartsheet Administrator

Aug 2023 – Feb 2024

SiteLogiQ, Remote (Contract)

- ♦ Maintained detailed documentation of platform configurations, workflow logic, and process schemas; ensured documentation remained accurate as systems evolved.
