◆ PROFESSIONAL SUMMARY

Proposal strategist and technical writer with hands-on experience developing contract proposals and RFX responses across every role in my career — from freelance client engagements to enterprise procurement, integration, and consulting contexts. Skilled at interviewing subject matter experts to extract technical and operational knowledge, synthesizing complex information into structured, compelling, compliance-aligned written deliverables, and managing proposal timelines against hard deadlines. Strong background in compliance documentation, quality review processes, stakeholder coordination across leadership and SME teams, and delivering polished written outputs that accurately represent organizational capabilities and win themes in competitive environments.

◆ PROFESSIONAL EXPERIENCE

Freelance Developer & Consultant

Jan 2026 – Present

Self-Employed

- ◆ Developed and delivered contract proposals for every client engagement — outlining scope of work, deliverables, timelines, pricing structures, and compliance terms; coordinated with clients to refine requirements and reach working agreements.
- ◆ Produced end-to-end technical documentation for production platforms — governance standards, integration specifications, and compliance documentation — written to the standard required for client sign-off and regulatory alignment.
- ◆ Managed proposal and project timelines across concurrent engagements; tracked milestones, coordinated reviews, and delivered final outputs on deadline in client-aligned formats.

Operations Manager / AI & Systems Developer

Nov 2024 – Jan 2026

Catalyzt Nutrition, Virginia Beach, VA

- ◆ Wrote and managed contract proposals and vendor agreements for technology implementations, platform integrations, and consulting engagements — coordinating with senior leadership to ensure accuracy, compliance, and strategic alignment.
- ◆ Owned all organizational documentation — SOPs, governance standards, compliance records, and executive-facing deliverables — authored through structured SME interviews and review cycles with C-level leadership and board audiences.
- ◆ Managed proposal and documentation projects against deadlines: developed project plans, tracked milestones, facilitated review cycles, and delivered polished final outputs aligned to organizational standards.

EDI Integrations & Data Analyst

Mar 2022 – Jul 2024

Ferguson Enterprises Inc., Remote

- ◆ Authored and coordinated technical proposals and integration specification documents for vendor onboarding and enterprise platform projects — produced compliance-driven deliverables reviewed and approved by IT leadership, operations, and external trading partners.
- ◆ Wrote vendor-facing integration guides and internal reference documentation that served as binding specifications for cross-organizational agreements; managed review cycles with multiple stakeholder groups to ensure accuracy before final submission.
- ◆ Led cross-functional documentation projects with hard submission deadlines — built project plans, coordinated SME input across departments, performed quality reviews, and delivered compliant final outputs on time.
