## PROFESSIONAL SUMMARY

Financial analyst and data professional with 4+ years of FP&A; experience spanning budgeting, forecasting, variance analysis, and executive financial reporting across multiple industries. Managed quarterly budgets from \$100K to \$1.2M annually and presented financial results directly to C-suite leadership including CEOs, CFOs, VPs of Finance, and EVPs of Sales. Advanced Excel modeler, Power BI dashboard developer, and SQL practitioner with strong cross-functional partnership skills across Finance, Operations, and HR — and a proactive approach to reporting automation and continuous improvement.

## PROFESSIONAL EXPERIENCE

### Freelance Developer & Data Analyst

Jan 2026 – Present

#### Self-Employed

- ♦ Supported client FP&A; functions including budget modeling, forecast maintenance, and variance analysis; presented financial insights and recommendations to executive stakeholders.
- ♦ Built automated reporting pipelines with structured validation and monitoring; designed multi-stage data pipelines with production monitoring.

### Operations Manager / Systems Developer

Nov 2024 – Jan 2026

#### Catalyzt Nutrition, Virginia Beach, VA

- ♦ Owned budgeting and forecasting processes; managed quarterly budgets, conducted variance analysis against actuals, and reported financial results to executive leadership.
- ♦ Built financial KPI dashboards in Power BI and Airtable; automated reporting workflows to improve data accuracy and reduce reporting cycle time.
- ♦ Partnered cross-functionally with Finance, Operations, and HR on financial planning and process improvement initiatives.

### Data Analyst / Project Manager

Mar 2022 – Jul 2024

#### Ferguson Enterprises Inc., Remote

- ♦ Led FP&A; reporting for ecommerce and supply chain operations; built and maintained financial models, managed budgets from \$100K quarterly to over \$1M annually, and delivered variance analysis to CFO, VP of Finance, and EVP of Sales.
- ♦ Developed Power BI executive dashboards and KPI frameworks adopted by C-suite leadership for strategic financial decision-making.
- ♦ Built Azure and MS SQL Server data pipelines supporting financial operations at scale; automated manual reporting using Excel VBA, significantly reducing processing time.
