PROFESSIONAL SUMMARY

Financial analyst and data professional with 4+ years of FP&A; experience spanning budgeting, forecasting, variance analysis, and executive financial reporting across multiple industries. Managed quarterly budgets from \$100K to \$1.2M annually and presented financial results directly to C-suite leadership including CEOs, CFOs, VPs of Finance, and EVPs of Sales. Advanced Excel modeler, Power BI dashboard developer, and SQL practitioner with a strong instinct for reporting automation and cross-functional partnership with Finance, Procurement, and Operations teams.

PROFESSIONAL EXPERIENCE

Freelance Developer & Data Analyst

Jan 2026 – Present

Self-Employed

- ◆ Supported client FP&A; functions including budget tracking, forecast modeling, and variance reporting; presented financial analysis and recommendations to executive stakeholders.
- ◆ Built automated data ingestion and reporting pipelines; designed normalized schemas and multi-stage pipelines with production monitoring.

Operations Manager / Systems Developer

Nov 2024 – Jan 2026

Catalyzt Nutrition, Virginia Beach, VA

- ◆ Owned budgeting and financial forecasting processes; managed quarterly budgets and conducted variance analysis against actuals, presenting results to executive leadership.
- ◆ Built financial dashboards and KPI reporting infrastructure in Airtable and Power BI; automated reporting workflows to improve accuracy and reduce cycle time across Finance and Operations.

Data Analyst / Project Manager

Mar 2022 – Jul 2024

Ferguson Enterprises Inc., Remote

- ◆ Led FP&A; reporting for ecommerce and supply chain operations; built and maintained financial models, managed budgets from \$100K quarterly to over \$1M annually, and delivered variance analysis to the CFO, VP of Finance, and EVP of Sales.
- ◆ Developed Power BI executive dashboards and KPI frameworks used by C-suite leadership for strategic decision-making.
- ◆ Built Azure and MS SQL Server data pipelines supporting financial operations at scale; automated manual reporting processes using Excel VBA, reducing processing time significantly.

Supply Chain Data Analyst

Jan 2021 – Dec 2021

ZenEvo Chocolate, Knoxville, TN

- ◆ Managed budgeting and spend analysis across Planning, Manufacturing, and Procurement; tracked COGS and operational KPIs with variance reporting to senior leadership including the CEO and VP of Finance.
- ◆ Built financial reports and forecasting models; identified cost-saving opportunities and presented recommendations cross-functionally.

Data Analyst Student Assistant

Nov 2014 – Dec 2019

University of Tennessee

- ◆ Supported financial and operational data analysis; developed Excel, SQL, and Python skills using Azure, MS Office Suite, and SAP.
