◆ PROFESSIONAL SUMMARY

Operations platform specialist with extensive hands-on experience administering and building workflow automation systems across Smartsheet, Airtable, and Monday.com — including board design, automation recipe configuration, multi-step workflow logic, and integration with external tools including Zapier, HubSpot, and CRM platforms. Detail-oriented systems builder with a track record of translating messy operational processes into clean, organized, user-friendly board environments. Experienced serving as the internal go-to for platform support, troubleshooting automation failures, and maintaining data consistency across integrated systems. Background in marketing operations, project tracking, and cross-functional team workflow management.

◆ PROFESSIONAL EXPERIENCE

Freelance Automation & Operations Specialist

Jan 2026 – Present

Self-Employed

- ◆ Designed and maintained Monday.com board environments for client engagements — including board architecture, automation recipes, dashboard configuration, and integration connections with Zapier and HubSpot to ensure data flows seamlessly between systems.
- ◆ Built and maintained multi-step Zapier automation workflows connecting marketing platforms, CRM systems, and operational tools; troubleshoot integration failures and maintained data consistency across connected systems.
- ◆ Audited and reorganized existing board environments — cleaned up redundant automations, standardized naming conventions, and improved usability for non-technical team members.

Operations Manager / Automation Specialist

Nov 2024 – Jan 2026

Catalyzt Nutrition, Virginia Beach, VA

- ◆ Served as the organization's primary operations platform administrator — built and maintained the full workflow automation infrastructure across project management, CRM, and operational tools.
- ◆ Designed multi-step automation workflows connecting Salesforce CRM, scheduling platforms, and task management tools; maintained automation recipes, debugged failures, and ensured consistent data flow across integrated systems.
- ◆ Integrated HubSpot and marketing platforms with operational workflows via Zapier; maintained connection reliability and resolved data sync issues proactively.
- ◆ Established platform governance standards and documentation — ensuring boards, workflows, and configurations remained organized, auditable, and maintainable as the team scaled.

Smartsheet Administrator

Aug 2023 – Feb 2024

SiteLogiQ, Remote (Contract)

- ◆ Administered Smartsheet platform as the organization's primary go-to — designed and built automated workflows, maintained cross-sheet logic, integrated with Microsoft Office Suite and external project management tools, and provided end-user training and support.
- ◆ Audited platform configurations, ensured data accuracy, and maintained detailed documentation of all workflow logic and system configurations.
