

ALEXANDER TOBIN

EDI Business Analyst · Data Integration Specialist

(757) 289-1204 · atobin@alum.utk.edu · Virginia Beach, VA

PROFESSIONAL SUMMARY

EDI and data integration analyst with 4+ years of experience designing, supporting, and troubleshooting EDI workflows, data feeds, and integration pipelines in enterprise environments. Skilled in EDI document mapping, loop and segment error analysis, data validation, SQL querying, and cross-functional collaboration with technical and business stakeholders. Strong process analysis, documentation, and project management skills with an analytical approach to identifying root causes and implementing durable solutions.

CORE SKILLS

EDI Document Types: 810, 846, 850, 855, 856 · EDI Mapping & Validation · Loop & Segment Error Analysis
Data Feed Monitoring & Risk Identification · SQL / MS SQL Server · XML Data Processing
Process Analysis & Optimization · Gap & Root Cause Analysis · UAT / System Integration Testing
Technical Documentation · FTP / SFTP / AS2 · SPS Commerce · Project Management (Agile, JIRA)

PROFESSIONAL EXPERIENCE

EDI Integrations Project Manager

Mar 2022 – Jul 2024

Ferguson Enterprises Inc., Remote

- Led end-to-end onboarding of trading partners to enterprise B2B EDI platform; designed and validated EDI constructs (810, 846, 850, 855, 856) and ensured adherence to partner and processing requirements.
- Monitored data feeds and EDI transaction flows; identified systemic risks, loop and segment errors, and mapping discrepancies; coordinated resolution with trading partners and internal teams.
- Applied SQL to query MS SQL Server databases, extract data for analysis, and validate transaction accuracy across integration workflows.
- Performed gap analysis and root-cause assessments on EDI failures; developed and maintained detailed process documentation and SOPs.
- Collaborated cross-functionally with IT, operations, and business stakeholders; supported UAT for EDI enhancements; tracked deliverables in JIRA/Azure DevOps (Agile).

Freelance Developer & Data Analyst

Jan 2026 – Present

Self-Employed

- Built automated data ingestion pipelines with structured validation, error handling, and monitoring; maintained documentation of data flows, schemas, and integration logic.
- Designed normalized database schemas and multi-stage data pipelines with full CRUD operations and production monitoring.

Supply Chain Data Analyst

Jan 2021 – Dec 2021

ZenEvo Chocolate, Knoxville, TN

- Validated and transformed data from multiple sources; tracked KPIs and identified process improvement opportunities across Planning, Manufacturing, and Procurement.
- Produced analytical reports and collaborated cross-functionally with planning, procurement, and sales teams.

Data Analyst Student Assistant

Nov 2014 – Dec 2019

University of Tennessee

- Developed SQL, Python, and Excel skills through applied data analysis work using Azure, MS Office Suite, and SAP.

EDUCATION

Bachelor of Arts — Pre Law/Legal Studies, Business Concentration

Aug 2019

University of Tennessee, Knoxville, TN
