PROFESSIONAL SUMMARY

Project and operations professional with hands-on experience managing cross-functional workflows, coordinating multi-stakeholder deliverables, and producing high-quality documentation under tight deadlines. Background spans government PMO contracting, enterprise SaaS operations, and B2B project coordination — with a consistent focus on organizing complex requests, tracking open items, and ensuring on-time, quality outputs. Strong written communicator with a detail-oriented approach to process documentation, content quality control, and stakeholder alignment.

PROFESSIONAL EXPERIENCE

Freelance Developer & Data Analyst Contractor

Jan 2026 – Present

Self-Employed

- ♦ Managed concurrent project deliverables across multiple clients — coordinating timelines, tracking open items, and ensuring quality outputs on schedule.
- ♦ Produced structured technical and operational documentation, including requirements specs, data definitions, and governance artifacts for production platforms.
- ♦ Built **Capitol Mirror** and **Container Tracker** — production platforms with formal documentation, validation standards, and stakeholder-facing reporting throughout.

Operations Manager

Nov 2024 – Jan 2026

Catalyzt Nutrition, Virginia Beach, VA

- ♦ Led cross-functional operations across marketing, logistics, analytics, and technology teams — consolidating inputs, resolving gaps, and ensuring alignment on deliverables and timelines.
- ♦ Owned documentation of business processes, data definitions, and operational procedures; enforced consistency and quality standards across all outputs.
- ♦ Coordinated internal reviews and approvals across leadership and department heads for operational initiatives, vendor contracts, and technology deployments.
- ♦ Managed multiple concurrent initiatives simultaneously, maintaining clear ownership and accountability at each stage.

Data Analyst, Project Manager

Mar 2022 – Jul 2024

Ferguson Enterprises Inc., Remote

- ♦ Managed cross-functional data integration projects across IT, Finance, and Operations — tracking requirements, coordinating stakeholder inputs, and delivering on schedule.
- ♦ Produced comprehensive technical documentation including data definitions, process flows, and governance artifacts reviewed and approved by leadership.
- ♦ Introduced and administered a centralized project management platform adopted company-wide; standardized workflows, templates, and tracking across all business units.
- ♦ Coordinated internal review and sign-off processes for enterprise system changes, ensuring all stakeholders were aligned prior to deployment.

Smartsheet Administrator

Aug 2023 – Feb 2024

SiteLogiQ, Remote (Contract)

- ♦ Managed proposal and project tracking infrastructure for a multi-project portfolio; maintained documentation of workflows, configurations, and process standards.
