PROFESSIONAL SUMMARY

Detail-oriented data analyst and platform administrator with experience configuring CRM and workflow platforms, gathering requirements from business stakeholders, and translating operational needs into effective, user-centered technology solutions. Adept at data quality management, process documentation, and building dashboards and automations that support program teams. Comfortable working across technical and non-technical audiences in collaborative, fast-paced environments. Passionate about using data and technology to support meaningful work.

PROFESSIONAL EXPERIENCE

Freelance Data Analyst Contractor

Jan 2026 – Present

Self-Employed

- ♦ Delivered data analysis, reporting, and platform configuration solutions for client engagements.
- ♦ Built production data systems with structured backends, automated pipelines, and stakeholder-facing dashboards.

Operations Manager

Nov 2024 – Jan 2026

Catalyzt Nutrition, Virginia Beach, VA

- ♦ Served as internal platform administrator — configuring relational data structures, role-based dashboards, automated workflows, and form validation logic tailored to each team's operational needs.
- ♦ Gathered requirements from stakeholders across departments and translated them into platform configurations and reporting views; trained end users and drove adoption.
- ♦ Maintained data quality through validation rules, deduplication workflows, and process documentation.

Data Analyst / Project Manager

Mar 2022 – Jul 2024

Ferguson Enterprises Inc., Remote

- ♦ Introduced and administered Airtable company-wide — gathered requirements from multiple business units, configured workflows, and drove adoption across departments.
- ♦ Built Power BI dashboards and KPI reporting tools; used SQL in MS SQL Server to validate and reconcile large datasets.
- ♦ Served as internal liaison between business stakeholders and external technical partners on systems integration projects.

Smartsheet Administrator

Aug 2023 – Feb 2024

SiteLogiQ, Remote (Contract)

- ♦ Configured and customized Smartsheet workspaces, workflows, and templates to align with organizational requirements.
- ♦ Designed automated workflows, implemented data access controls, and provided end-user training and adoption support.
- ♦ Maintained detailed documentation of platform configurations, workflows, and best practices.

Smartsheet Analyst

May 2023 – Aug 2023

IMS, Remote (Contract)

- ♦ Worked on an HHS government contract building Smartsheet infrastructure for the PMO — gathering requirements, configuring sheets, and identifying process improvements.
- ♦ Collaborated with program teams to ensure technology solutions aligned with operational needs and reporting requirements.
