

ALEXANDER TOBIN

(757) 289-1204 ◆ atobin@alum.utk.edu ◆ Virginia Beach, VA

CORE SKILLS

OpenText Content Server · ECM Document Management · Content Workflows

Enterprise Platform Integration · Systems Integration & Connectivity · API / Data Feed Management

SQL / MS SQL Server · XML Data Processing · ETL / Data Pipeline Development

Technical Documentation & SOPs · Gap & Root Cause Analysis · UAT / System Integration Testing

Azure DevOps · GitHub · FTP / SFTP / AS2 · SPS Commerce

Microsoft Excel (Advanced) · Project Management (Agile, JIRA)

Cross-Functional Stakeholder Communication · Process Analysis & Optimization

EDUCATION

Bachelor of Arts — Pre Law/Legal Studies, Business Concentration
University of Tennessee, Knoxville, TN — Aug 2019

CERTIFICATIONS

◆ Google Analytics Certification · Google Project Management Certification

◆ UVA Project Management Course · DP-203: Azure Data Engineering (In Progress)

PROFESSIONAL SUMMARY

Enterprise content management and data integration specialist with hands-on OpenText Content Server experience across multiple organizations and industries. Skilled in ECM document management, content workflows, and enterprise platform administration alongside data pipeline development, SQL, and cross-system integration. Strong foundation in technical documentation, process analysis, UAT, and stakeholder collaboration in fast-paced B2B and enterprise environments.

PROFESSIONAL EXPERIENCE

Freelance Developer & Data Analyst

Jan 2026 – Present

Self-Employed

- ◆ Utilized OpenText Content Server for document management and content workflow support across client engagements; maintained structured documentation of data flows, schemas, and integration logic.
- ◆ Built automated data ingestion pipelines with structured validation, error handling, and monitoring; designed normalized database schemas with full CRUD operations and production monitoring.

EDI Integrations Project Manager

Mar 2022 – Jul 2024

Ferguson Enterprises Inc., Remote

- ◆ Leveraged OpenText Content Server for enterprise document management and content workflows, supporting cross-departmental access to integration documentation, SOPs, and partner records.
- ◆ Led end-to-end onboarding of trading partners to enterprise B2B EDI platform, managing cross-system data connectivity and ensuring adherence to complex integration requirements.
- ◆ Monitored data feeds and transaction flows across enterprise systems; identified systemic risks, mapping discrepancies, and connectivity issues; coordinated resolution with trading partners and internal teams.
- ◆ Applied SQL against MS SQL Server to validate transaction accuracy; utilized FTP, SFTP, AS2, and XML processing to support integration workflows across departments.

Supply Chain Data Analyst

Jan 2021 – Dec 2021

ZenEvo Chocolate, Knoxville, TN

- ◆ Used OpenText Content Server to manage supply chain documents and content workflows across Planning, Manufacturing, and Procurement teams.
- ◆ Validated and transformed data from multiple enterprise sources; tracked KPIs, identified process improvement opportunities, and produced analytical reports for cross-functional stakeholders.

Data Analyst Student Assistant

Nov 2014 – Dec 2019

University of Tennessee

- ◆ Worked with OpenText Content Server for institutional document management as part of applied data analysis work across university systems.
- ◆ Developed SQL, Python, and Excel skills through hands-on analysis using Azure, MS Office Suite, and SAP.
