University of Tennessee, Knoxville, TN — Aug 2019

◆ CERTIFICATIONS

- ◆ DP-203: Data Engineering on Microsoft Azure (In progress)
- ◆ Google Analytics Certification
- ◆ Google Project Management Certification

◆ PROFESSIONAL SUMMARY

Data analyst with hands-on experience building single-source-of-truth reporting environments, defining KPI frameworks, automating recurring workflows with AI tools, and delivering self-serve dashboards for business stakeholders at every level. Comfortable operating independently in fast-moving environments — translating ambiguous business questions into structured analytical frameworks, partnering with engineering and business teams, and surfacing insights proactively rather than waiting to be asked.

◆ PROFESSIONAL EXPERIENCE

Freelance Developer & Data Analyst Contractor

Jan 2026 – Present

Self-Employed

- ◆ Built Capitol Mirror — production AI-enabled SaaS with automated ingestion pipeline, LLM-powered natural language analytics interface, and schema validation and data quality controls throughout.
- ◆ Integrated Claude and Azure OpenAI APIs to automate recurring reporting workflows and replace manual data pulls with AI-generated, governed outputs.
- ◆ Designed PostgreSQL schemas, ETL transformation pipelines, and source-to-target mappings with validation and quality monitoring at every ingestion point.

Senior Data Analytics Manager

Nov 2024 – Jan 2026

Catalyzt Nutrition, Virginia Beach, VA

- ◆ Served as the organization's first dedicated data leader — defined organization-wide KPIs, built single source of truth for executive reporting, and maintained metric documentation and governance standards across all business functions.
- ◆ Built and maintained dashboards and self-serve reporting tools for leadership across finance, marketing, and operations; automated recurring manual reports using Python and API integrations.
- ◆ Translated ambiguous business questions from non-technical executives into structured analytical frameworks and clear, actionable reporting outputs.

Data Analyst, Project Manager

Mar 2022 – Jul 2024

Ferguson Enterprises Inc., Remote

- ◆ Developed complex SQL queries, stored procedures, and transformation logic against large MS SQL Server databases supporting enterprise analytics and reporting.
- ◆ Built executive KPI dashboards and self-serve reporting in Power BI adopted across Finance, Operations, and IT; defined metric frameworks and documentation standards.
- ◆ Designed ETL workflows on Microsoft Azure translating legacy data structures into modernized, reporting-ready datasets.

Smartsheet Administrator

Aug 2023 – Feb 2024

SiteLogiq, Remote (Contract)

- ◆ Built automated reporting workflows and data tracking infrastructure; maintained documentation of schemas, transformation logic, and process configurations.

Ecommerce Data Analyst

Jan 2021 – Dec 2021

ZenEvo Chocolate, Knoxville, TN

- ◆ Wrote SQL queries to extract, transform, and validate operational data; created dashboards and written analytical reports presented to leadership.
