

Alexander Tobin

Proposal Writer & Strategic Communications Specialist

(757) 289-1204 ♦ atobin@alum.utk.edu ♦ Virginia Beach, VA

CORE SKILLS

Technical and strategic writing — compliance-driven content, SME interviews and synthesis, structured deliverables

Proposal and RFx content — structuring responses, win theme development, compliance review, quality control

Project management — proposal calendars, milestone tracking, stakeholder coordination, deadline management

Compliance documentation — HIPAA-adjacent data governance, regulatory standards, audit trail documentation

Editing and QA — accuracy, consistency, brand alignment, compliance verification across review cycles

Stakeholder coordination — cross-functional engagement with leadership, SMEs, and external parties

Git/GitHub · Markdown · docs-as-code version control · structured documentation workflows

EDUCATION

Bachelor of Arts — Pre Law/Legal Studies, Business Concentration
University of Tennessee, Knoxville, TN — Aug 2019

CERTIFICATIONS

- ♦ Google Project Management Certification
- ♦ Google Analytics Certification

PROFESSIONAL SUMMARY

Strategic writer and project manager with extensive experience producing complex, compliance-driven technical documentation — including integration specifications, governance standards, SOPs, and client-facing deliverables requiring accuracy, regulatory alignment, and clear communication to both technical and non-technical audiences. Skilled at interviewing subject matter experts to extract undocumented knowledge, synthesizing complex information into structured, compelling written outputs, and managing documentation projects against tight deadlines. Strong background in compliance and governance documentation, quality review processes, and coordinating with senior leadership to ensure written deliverables meet organizational and regulatory standards. Experienced working in fast-paced, deadline-driven remote environments.

PROFESSIONAL EXPERIENCE

Freelance Technical Writer & Documentation Specialist

Jan 2026 – Present

Self-Employed

- ♦ Produced end-to-end technical documentation for production data platforms — data schemas, ETL pipeline specifications, API integration guides, governance standards, and compliance documentation — written to be accurate enough that another professional could execute from them without clarification.
- ♦ Managed documentation projects against client deadlines: built documentation plans, coordinated reviews with stakeholders, tracked revisions through version-controlled repositories, and delivered final outputs in brand-aligned formats.
- ♦ Wrote client-facing deliverables, onboarding materials, and technical specification documents across multiple concurrent engagements in different industries.

Senior Data Analytics Manager

Nov 2024 – Jan 2026

Catalyzt Nutrition, Virginia Beach, VA

- ♦ Owned all organizational documentation — data dictionary, KPI definitions, SOPs, governance standards, and executive-facing reporting documentation — coordinating with leadership across clinical, finance, and operations to ensure accuracy, consistency, and regulatory alignment.
- ♦ Authored complex compliance documentation explaining data sources, calculation logic, known limitations, and governance controls for executive and board-level audiences.
- ♦ Managed documentation review cycles with senior leadership: drafted content, incorporated SME revisions, performed quality checks, and maintained version-controlled final deliverables.

EDI Integrations & Data Analyst

Mar 2022 – Jul 2024

Ferguson Enterprises Inc., Remote

- ♦ Authored comprehensive source-to-target mapping documentation, data lineage records, and integration specification documents for ETL workflows — written and maintained in version-controlled repositories to compliance standards.
- ♦ Documented EDI integration logic across multiple transaction types; wrote vendor-facing integration guides and internal reference documentation requiring accuracy, regulatory alignment, and consistent formatting standards.
- ♦ Led cross-functional documentation projects coordinating SMEs across IT, operations, and external trading partners; managed timelines and quality review processes against submission deadlines.

Smartsheet Administrator

Aug 2023 – Feb 2024

SiteLogiQ, Remote (Contract)
