PROFESSIONAL SUMMARY

Manager-level FP&A; professional with 7+ years of progressive experience leading budgeting, forecasting, variance analysis, and executive financial reporting. Expert in SQL, Power BI (DAX, data modeling, dashboard design), and advanced Excel financial modeling. Hands-on with AI-assisted workflows including Microsoft Copilot — accelerating analysis, automating routine reporting, and embedding AI into repeatable FP&A; processes. Proven strategic partner to CFO, VP of Finance, and EVP of Sales; experienced coaching junior analysts and driving process improvement across finance teams.

PROFESSIONAL EXPERIENCE

Freelance Senior FP&A; & Data Analyst

Jan 2026 – Present

Self-Employed

- ◆ [callcathai.online](#) — Built Power BI dashboards and SQL-driven financial reporting pipelines; implemented Microsoft Copilot workflows to automate routine variance reporting and accelerate monthly close commentary for executive leadership.
- ◆ [primelayertrades.com](#) — Designed dynamic financial models for cash flow forecasting, P&L; tracking, and scenario analysis; applied prompt engineering and AI-assisted analysis to surface insights faster and validate outputs before executive presentation.
- ◆ [hereraspreadsheets.com](#) — Developed expert-level C-suite KPI reporting infrastructure with advanced Excel models, automated data pipelines, and real-time Power BI visualization layers; coached client finance team on AI tool adoption and repeatable FP&A; workflows.
- ◆ Delivered expert-level executive reporting and multi-dimensional KPI frameworks across client organizations; partnered with C-suite stakeholders to translate complex financial data into clear strategic narrative.

Operations Manager / FP&A; Lead

Nov 2024 – Jan 2026

Catalyzt Nutrition, Virginia Beach, VA

- ◆ Led budgeting, forecasting, and variance analysis for multi-location operations; developed dynamic financial models for long-range planning, scenario analysis, and cash flow projection.
- ◆ Built Power BI dashboards delivering real-time P&L; KPI, and operational performance visibility to executive leadership; wrote SQL queries against relational databases to extract, transform, and validate financial datasets.
- ◆ Leveraged Microsoft Copilot and AI tools to accelerate financial analysis and automate reporting workflows; evaluated AI-generated outputs critically before presenting findings to leadership.
- ◆ Prepared monthly and quarterly financial packages including variance analysis, trend identification, and executive commentary; supported month-end close activities in partnership with the Controller's team.

Data Analyst / Project Manager

Mar 2022 – Jul 2024

Ferguson Enterprises Inc., Remote

- ◆ Served as strategic FP&A; partner to CFO, VP of Finance, and EVP of Sales for a large-scale, multi-location ecommerce and supply chain operation; built annual budgets, quarterly forecasts, and monthly financial reporting packages with executive commentary.
