

Alexander Tobin

Business Intelligence Analyst

(757) 289-1204 ♦ atobin@alum.utk.edu ♦ Virginia Beach, VA

CORE SKILLS

Business intelligence — Power BI dashboards, KPI frameworks, interactive reporting

SQL / MS SQL Server — complex queries, stored procedures, views, large-scale data extraction

Advanced Excel — VLOOKUP, XLOOKUP, INDEX/MATCH, ARRAY formulas, VBA automation

Data pipelines — ETL design, data ingestion, transformation, validation, quality assurance

Microsoft Azure — Azure Data Factory, Azure Synapse, cloud data platform

Data visualization — Power BI, Tableau, charting and trend analysis

Workflow automation — Power Automate, Python scripting, process improvement

Stakeholder communication — translating data findings for executive and non-technical audiences

EDUCATION

Bachelor of Arts — Pre Law/Legal Studies, Business Concentration
University of Tennessee, Knoxville, TN — Aug 2019

CERTIFICATIONS

- ♦ Google Analytics Certification
- ♦ Google Project Management Certification
- ♦ DP-203: Data Engineering on Microsoft Azure (In progress)

PROFESSIONAL SUMMARY

Data analyst with extensive experience collecting, transforming, and visualizing business data to support executive and operational decision-making. Skilled in SQL, Power BI, and advanced Excel — building dashboards and KPI frameworks that translate complex data into clear, actionable insights for non-technical stakeholders. Experienced working across Finance, Operations, and IT to understand reporting needs and deliver accurate, consistent analytics products. Strong background in data validation, quality assurance, and process automation, with a track record of improving reporting workflows and presenting findings directly to senior leadership.

PROFESSIONAL EXPERIENCE

Freelance Developer & Data Analyst

Jan 2026 – Present

Self-Employed

- ♦ Built **Capitol Mirror** — full-stack SaaS tracking stock trades for all 538 Congress members; automated data ingestion pipeline via GitHub Actions feeding analytics dashboards with KPI-level reporting and trend tracking.
- ♦ Designed and maintained recurring and ad hoc reporting workflows for multiple client engagements — including data validation layers, quality checks, and automated refresh schedules.
- ♦ Built PostgreSQL-backed data platforms with structured ingestion, curated reporting tables, and data quality monitoring at every transformation step.

Senior Data Analytics Manager

Nov 2024 – Jan 2026

Catalyzt Nutrition, Virginia Beach, VA

- ♦ Served as the organization's sole data resource — built analytics infrastructure from scratch, defined KPI frameworks, and produced all recurring and ad hoc reporting consumed by clinical, operations, and finance teams.
- ♦ Developed executive-facing reports explaining data sources, calculation logic, and known limitations; presented findings directly to C-level leadership on a recurring basis.
- ♦ Maintained the organization's data dictionary, KPI definitions, and metric documentation — enforcing consistent terminology and ensuring data quality across all outputs.

Data Analyst / Project Manager

Mar 2022 – Jul 2024

Ferguson Enterprises Inc., Remote

- ♦ Built and maintained complex SQL queries, stored procedures, and views against large MS SQL Server enterprise databases — extracting and transforming raw operational data into curated, reporting-ready datasets.
- ♦ Developed executive dashboards and KPI frameworks using Power BI adopted across Finance, Operations, and IT; presented findings to senior leadership and drove data-driven decision-making.
- ♦ Built ETL pipelines on Microsoft Azure (Azure Data Factory, Synapse) supporting enterprise-scale analytics; maintained source-to-target mapping documentation, data lineage records, and governance standards.

Smartsheet Administrator

Aug 2023 – Feb 2024

SiteLogiQ, Remote (Contract)

- ♦ Designed automated reporting workflows and maintained documentation of data configurations and process schemas; performed data quality checks and ensured reporting accuracy across platform outputs.
