◆ Google Analytics Certification · DP-203: Azure Data Engineering (In Progress)

PROFESSIONAL SUMMARY

Business intelligence analyst and dashboard developer with 4+ years building BI solutions, executive reporting frameworks, and data visualization tools that connect raw data to strategic decisions. Expert Power BI developer with deep experience in data analysis, pattern recognition, trend identification, and actionable insight development — delivering segmentation models, dashboards, decision aids, and business case analyses to C-suite and board-level audiences across multi-location organizations.

PROFESSIONAL EXPERIENCE

Freelance BI Analyst & Developer

Jan 2026 – Present

Self-Employed

- ◆ Built and deployed production websites for four active clients: [primelayertrades.com](#), [calccatchai.online](#), [hereraspreadsheets.com](#), and [kizunaperformance.com](#) — WordPress, Shopify, and custom builds with responsive design, SEO optimization, and post-launch maintenance. Portfolio: [[primelayer.solutions/see-our-work](#)](<https://www.primelayer.solutions/see-our-work>)
- ◆ Built AdvisoryCloud 3.0 — full-stack SaaS platform (React 18, Supabase, Tailwind CSS, PWA) with real-time messaging, role-based dashboards, and 15+ database tables; from Figma wireframes to live production MVP in 7 days using Claude Code and Cursor.

Operations Manager / Data Systems Developer

Nov 2024 – Jan 2026

Catalyzt Nutrition, Virginia Beach, VA

- ◆ Built Power BI dashboards and executive reporting infrastructure; developed data visualization tools translating operational and financial data into leadership-ready insights and strategic recommendations.
- ◆ Engineered ETL pipelines and data normalization workflows across GCP BigQuery and cloud platforms; maintained data quality and integrity across all reporting systems.

Data Analyst / Project Manager

Mar 2022 – Jul 2024

Ferguson Enterprises Inc., Remote

- ◆ Built expert-level Power BI executive dashboards and KPI frameworks adopted by C-suite for strategic and board-level decision-making; designed multi-dimensional performance views across regions, business units, and operational segments.
- ◆ Performed advanced data analysis and BI modeling across large MS SQL Server, Azure, and BigQuery datasets; identified patterns, trends, and anomalies to surface actionable business insights for CFO, VP of Finance, and EVP of Sales.

Supply Chain Data Analyst

Jan 2021 – Dec 2021

ZenEvo Chocolate, Knoxville, TN

- ◆ Built BI reporting and financial models tracking revenue, margins, COGS, and supply chain KPIs; performed trend and variance analysis with monthly delivery to CEO and VP of Finance.
- ◆ Developed data visualizations and analytical tools to identify cost improvement opportunities and performance drivers across Planning, Manufacturing, and Procurement.
