PROFESSIONAL SUMMARY

CRM Business Analyst and no-code platform specialist with 7+ years translating business requirements into configured, production-deployed solutions. Deep experience in Airtable (equivalent no-code CRM/workflow platform), HubSpot, and Power Automate — building linked data architectures, role-based interfaces, multi-step automations, and dashboard layers for clients across operations, logistics, and commercial sectors. Comfortable owning the full delivery arc: requirements elicitation and Blueprint documentation → hands-on configuration → QA and UAT → training and documentation → go-live. Self-directed and experienced operating with minimal management overhead.
