- ♦ Google Analytics Certification
- ♦ DP-203: Azure Data Engineering (In progress)
- ♦ AWS Certified DevOps Engineer (In progress)

PROFESSIONAL SUMMARY

AI Business Solutions Specialist with 7+ years building and deploying no-code/low-code workflow automations, business systems, and AI-enabled tools for enterprise and mid-market clients.. Experienced acting as the primary business unit liaison — gathering requirements, mapping current-state and future-state processes, configuring platform solutions, writing integration specs, and driving end-user adoption through structured training and documentation..

PROFESSIONAL EXPERIENCE

AI Systems Developer & Business Solutions Contractor

Jan 2026 – Present

[callcathai.online](#) · [primelayertrades.com](#) · [hereraspreadsheets.com](#)

- ♦ Served as primary business solutions contact for three concurrent client organizations — gathering requirements, mapping workflows, configuring no-code automation platforms, and delivering trained, documented solutions to end users.
- ♦ Designed and deployed AI-enabled workflow automations using Power Automate, Copilot Studio, and LLM prompt frameworks; led discovery sessions to identify use cases, define acceptance criteria, and evaluate data readiness.

Operations Manager / Digital Transformation Lead

Nov 2024 – Jan 2026

[Catalyzt Nutrition](#), [Virginia Beach, VA](#)

- ♦ Built no-code AI-enabled workflows (Airtable Automations, Power Automate, API integrations) deployed to production with measurable operational impact.
- ♦ Led enterprise digital transformation program: mapped current-state processes, identified AI and automation opportunities, built solution frameworks, and tracked adoption against expected outcomes.

Data Analyst / Project Manager

Mar 2022 – Jul 2024

[Ferguson Enterprises Inc.](#), [Remote](#)

- ♦ Championed AI and automation adoption: led stakeholder education sessions, built documentation for new capability rollouts, and gathered feedback to improve solution design.
- ♦ Partnered with C-suite to define technology investment priorities; developed business cases and presented executive-level recommendations on AI and automation initiatives.

Smartsheet Administrator

Aug 2023 – Feb 2024

[SiteLogiQ](#), [Remote \(Contract\)](#)

- ♦ Configured and automated Smartsheet workflows; delivered user training and maintained solution documentation across the PMO.
