University of Tennessee, Knoxville, TN — Aug 2019

CERTIFICATIONS

- ♦ Google Analytics Certification
- ♦ Google Ads Certification
- ♦ Google Project Management Certification

PROFESSIONAL SUMMARY

Full-stack web developer with 5+ years of experience building, deploying, and maintaining production web applications and e-commerce digital properties. Proficient in HTML5, CSS3, JavaScript, React, and RESTful API integration — delivering responsive, conversion-focused web experiences from wireframe to live deployment. Experienced working across e-commerce and direct-to-consumer digital environments, managing multi-client web properties, and collaborating with marketing teams to implement A/B testing, campaign tracking, and performance optimization. Comfortable in Agile/Scrum environments with GitHub version control, CI/CD pipelines, and cloud deployment on AWS and Azure.

PROFESSIONAL EXPERIENCE

Freelance Web Developer

Jan 2026 – Present

Self-Employed

- ♦ Built and deployed multiple production web applications end-to-end — from wireframe through live deployment — across e-commerce and SaaS use cases; managed ongoing maintenance across concurrent client accounts in multiple industries.
- ♦ Built **Capitol Mirror** — full-stack SaaS (Next.js, TypeScript, Supabase/PostgreSQL, Stripe) with subscription billing, automated data pipelines, and production deployment; real users from day one.
- ♦ Built **AdvisoryCloud 3.0** — React 18 SaaS with real-time messaging, role-based access, 15+ PostgreSQL tables, and Supabase Edge Functions; zero to live production MVP in 7 days.

Operations Manager / Systems Developer

Nov 2024 – Jan 2026

Catalyzt Nutrition, Virginia Beach, VA

- ♦ Managed and maintained the organization's e-commerce and digital presence — overseeing web properties, conversion optimization, SEO performance, and digital marketing execution across email, social, and paid channels.
- ♦ Collaborated with marketing team to implement campaign tracking, A/B testing, and performance reporting across digital storefronts and customer engagement channels.
- ♦ Built workflow automation and CRM integrations connecting e-commerce platforms with operational and customer data systems.

Data Analyst / Project Manager

Mar 2022 – Jul 2024

Ferguson Enterprises Inc., Remote

- ♦ Led e-commerce data integration projects on Microsoft Azure, building pipelines supporting large-scale online retail operations; maintained data consistency and reporting accuracy across digital commerce systems.
- ♦ Collaborated with cross-functional teams including marketing, IT, and operations to deliver digital projects on time — managing scope, timelines, and stakeholder communication across concurrent accounts.

Owner and Founder

Jan 2018 – Dec 2021

Maker City Pallet Works, Knoxville, TN

- ♦ Built and maintained all direct-to-consumer digital presence — website development, local SEO, Google Ads, Meta ad campaigns, and email marketing — growing e-commerce revenue across B2B and B2C customer segments.
