PROFESSIONAL SUMMARY

FP&A; leader and business intelligence specialist with 4+ years of experience owning financial planning, forecasting, variance analysis, and executive reporting across multi-location organizations. Expert in C-suite KPI dashboard development — building the financial performance frameworks that CEOs, CFOs, VPs of Finance, and EVPs of Sales rely on for strategic decisions. Managed quarterly budgets from \$100K to \$1.2M annually and delivered board-ready financial packages across all positions. Advanced Excel modeler, Power BI developer, and data pipeline builder with a track record of improving reporting accuracy, automation, and cross-functional visibility.

PROFESSIONAL EXPERIENCE

Freelance Developer & Data Analyst

Jan 2026 – Present

Self-Employed

- Designed and deployed expert-level C-suite KPI dashboards and executive reporting infrastructure for client organizations; built automated data pipelines feeding real-time financial and operational metrics into leadership decision-making frameworks.
- Supported client FP&A; functions including budget modeling, forecast maintenance, variance analysis, and scenario planning; presented financial insights to executive stakeholders.

Operations Manager / Systems Developer

Nov 2024 – Jan 2026

Catalyzt Nutrition, Virginia Beach, VA

- Owned budgeting and forecasting processes across a multi-location operation; managed quarterly budgets, conducted variance analysis against actuals, and delivered financial results to executive leadership.
- Built C-suite KPI dashboards and financial performance reporting in Power BI and Airtable; automated reporting workflows to improve data accuracy and reduce reporting cycle time across Finance and Operations.
- Partnered cross-functionally with Finance, Operations, and department leaders on financial planning, performance monitoring, and process improvement initiatives.

Data Analyst / Project Manager

Mar 2022 – Jul 2024

Ferguson Enterprises Inc., Remote

- Led FP&A; reporting for a multi-location ecommerce and supply chain operation; owned budgeting and forecasting cycles, managed budgets from \$100K quarterly to over \$1M annually, and delivered monthly variance analysis to the CFO, VP of Finance, and EVP of Sales.
- Built expert-level Power BI executive dashboards and KPI frameworks adopted by C-suite leadership for strategic and board-level financial decision-making; designed multi-dimensional performance views across regions, business units, and operational segments.
- Automated manual reporting processes using Excel VBA, significantly reducing cycle time; built Azure and MS SQL Server data pipelines to ensure data integrity across financial reporting systems.
- Partnered with Accounting on month-end close processes; collaborated cross-functionally with Operations, Procurement, and Sales on financial planning and performance analysis.

Supply Chain Data Analyst

Jan 2021 – Dec 2021

ZenEvo Chocolate, Knoxville, TN

Data Analyst Student Assistant

Nov 2014 – Dec 2019

University of Tennessee
