

ALEXANDER TOBIN

(757) 289-1204 ♦ atobin@alum.utk.edu ♦ Virginia Beach, VA

CORE SKILLS

Pentaho ETL Development

RESTful API Design & Integration

JSON · XML · HTTP Protocols

ETL Pipeline Development

Data Mapping & Transformation

OAuth 2.0 · JWT · SSL/TLS

MS SQL Server · BigQuery · PostgreSQL

Azure · GCP · AWS

ERP System Integration

Error Handling & Logging

Git / Source Control

Agile / JIRA / Confluence

Technical Documentation & SOPs

Python · VBA · Data Validation

EDUCATION

Bachelor of Arts — Pre Law/Legal Studies, Business Concentration
University of Tennessee, Knoxville, TN — Aug 2019

CERTIFICATIONS

- ♦ DP-203: Azure Data Engineering (In Progress)
- ♦ Google Project Management Certification · UVA PM Course
- ♦ Google Analytics Certification

PROFESSIONAL SUMMARY

Enterprise integration developer with 4+ years of hands-on Pentaho ETL development, RESTful API engineering, and enterprise system integration experience across ERP platforms, cloud services, and third-party applications. Proficient in designing and delivering batch, real-time, and event-driven integrations — including data mapping, transformation logic, error handling, and API security standards (OAuth 2.0, JWT, SSL/TLS). Strong SQL background across MS SQL Server, BigQuery, and PostgreSQL; experienced with Agile delivery teams, Git source control, and technical documentation. DP-203 Azure Data Engineering in progress.

PROFESSIONAL EXPERIENCE

Freelance Integration Developer & Data Engineer

Jan 2026 – Present

Self-Employed

- ♦ [callcathai.online](#) — Designed and developed Pentaho-based ETL pipelines integrating call analytics data with CRM and reporting platforms; built RESTful API interfaces with OAuth 2.0 authentication, JSON/XML data exchange, and automated error handling and logging.
- ♦ [primelayertrades.com](#) — Developed enterprise integration workflows connecting trading platforms with GCP BigQuery via Pentaho ETL; built real-time API integrations with JWT authentication, data validation logic, and recovery processes for production stability.
- ♦ [hereraspreadsheets.com](#) — Built ETL data pipelines and REST API integrations on Azure; implemented data mapping, transformation logic, and validation processes ensuring data accuracy and integrity across source and target systems.

Operations Manager / Systems Developer

Nov 2024 – Jan 2026

Catalyzt Nutrition, Virginia Beach, VA

- ♦ Designed and maintained Pentaho ETL workflows integrating multi-location operational systems; built data extraction, transformation, and load processes across cloud platforms with robust error handling and monitoring.
- ♦ Developed and consumed RESTful APIs for third-party platform integrations; implemented OAuth 2.0 and API key authentication, JSON/XML data exchange, and logging frameworks for production interface stability.
- ♦ Built automated data pipelines on GCP BigQuery and AWS; applied data governance, security standards, and access controls across all integration environments.

Data Analyst / Project Manager

Mar 2022 – Jul 2024

Ferguson Enterprises Inc., Remote

- ♦ Led enterprise system integration projects for a multi-location ecommerce and supply chain operation; designed and maintained Pentaho ETL interfaces connecting ERP platforms, EDI systems, and cloud services across Azure, GCP, and AWS.
- ♦ Developed RESTful API integrations and web service interfaces for trading partner connectivity; implemented authentication standards (OAuth 2.0, API Keys, SSL/TLS), data validation, and error recovery processes for production interfaces.
- ♦ Built and optimized SQL pipelines across MS SQL Server and BigQuery; designed data mappings, transformation logic, and batch integration workflows supporting financial and operational reporting.

Supply Chain Data Analyst

Jan 2021 – Dec 2021

ZenEvo Chocolate, Knoxville, TN

- ♦ Built SQL data pipelines and integration workflows for Planning, Manufacturing, and Procurement systems; designed data validation processes and maintained data integrity across reporting environments.
- ♦ Developed and maintained technical documentation for data workflows and integration processes.
