

ALEXANDER TOBIN

(757) 289-1204 ◆ atobin@alum.utk.edu ◆ Virginia Beach, VA

CORE SKILLS

SQL · MS SQL Server · BigQuery · Oracle

Power BI · Tableau · Looker · DAX

Python · VBA · R · Excel (Advanced)

ETL Pipeline Development · Data Integration

Dimensional Data Modeling · Database Design

Query Optimization · Performance Tuning

Dashboard Development · Executive Reporting

Requirements Analysis · SDLC · Agile / JIRA

Data Quality & Validation

Cross-functional Stakeholder Partnership

EDUCATION

Bachelor of Arts — Pre Law/Legal Studies, Business Concentration
University of Tennessee, Knoxville, TN — Aug 2019

CERTIFICATIONS

- ◆ DP-203: Azure Data Engineering (In Progress)
- ◆ Google Project Management Certification
- ◆ Google Analytics Certification

PROFESSIONAL SUMMARY

Data analyst with 7+ years of experience transforming complex datasets into clear, actionable insights for executive and operational stakeholders. Expert in SQL, Python, Power BI, Tableau, and advanced Excel — building interactive dashboards, ETL pipelines, and optimized data models that drive strategic decisions. Proven at translating business requirements into technical solutions, maintaining data quality across high-stakes reporting environments, and delivering BI solutions end-to-end in Agile project management frameworks.

PROFESSIONAL EXPERIENCE

Freelance Data Analyst & BI Consultant

Jan 2026 – Present

Self-Employed

- ◆ [callcathai.online](#) — Designed and built SQL-driven ETL pipelines and Power BI dashboards for call analytics data; implemented data quality validation, query optimization, and automated reporting to deliver accurate insights to executive stakeholders.
- ◆ [primelayertrades.com](#) — Developed Python and SQL data integration workflows with dimensional data models; built Tableau and Power BI dashboards for operational analytics and designed optimized database schemas for efficient data retrieval.
- ◆ [hereraspreadsheets.com](#) — Built expert-level C-suite KPI dashboards using Power BI, Tableau, and advanced Excel (VBA automation, Power Query, XLOOKUP, ARRAY formulas); designed ETL processes for accurate data integration across client reporting systems.
- ◆ Delivered interactive dashboards, variance analysis, and executive reporting infrastructure across client organizations; translated business requirements into BI solutions with full documentation.

Operations Manager / Data Analyst

Nov 2024 – Jan 2026

Catalyzt Nutrition, Virginia Beach, VA

- ◆ Collected, cleaned, and analyzed large operational and financial datasets using Python, SQL, and Excel; developed and maintained Power BI dashboards delivering KPI and performance insights to executive leadership.
- ◆ Designed and optimized dimensional data models and database schemas on GCP BigQuery; wrote complex SQL queries and implemented ETL pipelines for accurate data integration across operational systems.
- ◆ Built VBA automation tools and Python scripts to streamline reporting workflows; conducted requirements analysis with operational and finance stakeholders to translate business needs into technical solutions.
- ◆ Maintained data integrity and quality standards across all reporting environments; managed query performance and database design to support high-availability analytics systems.

Data Analyst / Project Manager

Mar 2022 – Jul 2024

Ferguson Enterprises Inc., Remote

- ◆ Designed and maintained ETL pipelines and data integration workflows for a multi-location ecommerce and supply chain operation; built dashboards and reports in Power BI and Tableau serving CFO, VP of Finance, and EVP of Sales.

Supply Chain Data Analyst

Jan 2021 – Dec 2021

ZenEvo Chocolate, Knoxville, TN

Data Analyst Student Assistant

Nov 2014 – Dec 2019

University of Tennessee
