PROFESSIONAL SUMMARY

Full-stack web developer and digital marketing specialist with 5+ years of experience building, deploying, and maintaining production websites and web applications across multiple client accounts and industries. Proficient in HTML5, CSS3/SCSS, JavaScript, and PHP, with strong WordPress experience spanning custom themes, plugin configuration, and ongoing site maintenance. Comfortable taking projects from wireframe to live deployment across all devices. AI tools are a standard part of my development workflow — used for prototyping, code generation, and accelerating clean production builds. Strong working knowledge of SEO best practices, web performance monitoring, and digital marketing analytics.

PROFESSIONAL EXPERIENCE

Freelance Web Developer & Digital Marketing Specialist

Jan 2026 – Present

Self-Employed

- ♦ Built and deployed multiple production web applications across client accounts — from wireframe through live deployment — using AI-assisted prototyping to accelerate delivery of clean, production-ready builds.
- ♦ Built **Capitol Mirror** — full-stack SaaS (Next.js, TypeScript, Supabase, Stripe) with automated data pipelines, subscription billing, and production deployment; zero to live with real users.
- ♦ Built **AdvisoryCloud 3.0** — SaaS platform (React 18, Supabase, PWA) with real-time messaging, role-based access, and 15+ database tables; delivered from zero to production MVP in 7 days.

Operations Manager / Systems Developer

Nov 2024 – Jan 2026

Catalyzt Nutrition, Virginia Beach, VA

- ♦ Managed and maintained the organization's digital web presence across platforms — overseeing site upkeep, SEO performance, and digital marketing execution across email, social, and paid channels.
- ♦ Implemented SEO and AEO/GEO strategies improving organic and AI-driven search visibility; monitored site health and performance using Google Analytics and Search Console.
- ♦ Developed and deployed digital marketing infrastructure across Meta Ads, Google Ads, email marketing, and social media; tracked campaign performance and reported insights to leadership.

Data Analyst / Project Manager

Mar 2022 – Jul 2024

Ferguson Enterprises Inc., Remote

- ♦ Managed web analytics and digital reporting workflows; built dashboards in Power BI tracking digital and campaign performance across marketing and operations functions.
- ♦ Led cross-functional digital projects across multiple stakeholder teams — managed timelines, client communications, and deliverables across concurrent accounts.

Owner and Founder

Jan 2018 – Dec 2021

Maker City Pallet Works, Knoxville, TN

- ♦ Built and managed all digital presence end-to-end — website development and maintenance, local SEO, Google Business Profile, Meta ad campaigns, and email marketing across a multi-year client-facing business.
