◆ PROFESSIONAL SUMMARY

Website and SEO specialist with extensive experience in search optimization, AI-assisted content creation, web performance analysis, and digital marketing across multi-property web environments. Proficient in Google Analytics, Google Search Console, and SEMrush — conducting content audits, identifying SEO gaps, monitoring ranking trends, and implementing structured data and on-page best practices at scale. Experienced with WordPress site administration and hands-on with AI tools for content drafting, SEO analysis, and workflow automation as a core part of daily practice. Strong written communicator comfortable translating SEO strategy into clear content improvements for non-technical stakeholders and collaborating with both internal teams and third-party developers.

◆ PROFESSIONAL EXPERIENCE

Freelance Web & SEO Specialist

Jan 2026 – Present

Self-Employed

- ◆ Managed SEO and web content across multiple client digital properties — conducted regular content audits, implemented on-page SEO improvements, resolved technical SEO issues (broken links, structured data, page speed), and monitored performance in Google Analytics and Search Console.
- ◆ Used AI tools daily for content drafting, SEO analysis, page auditing, and workflow automation — improving efficiency and scalability across concurrent client website engagements.
- ◆ Administered WordPress sites for client accounts — handled plugin updates, site health monitoring, page layout updates, and performance optimization; coordinated with third-party developers on launch activities and technical changes.

Senior Data Analytics Manager

Nov 2024 – Jan 2026

Catalyzt Nutrition, Virginia Beach, VA

- ◆ Owned all digital marketing and web presence for the organization — managed SEO strategy, content consistency across channels, Google Analytics monitoring, and campaign performance reporting.
- ◆ Implemented SEO and AEO/GEO improvements: keyword research, on-page optimization, content formatting standards, and structured data — tracked ranking performance and reported findings to leadership.
- ◆ Used AI tools for content creation, SEO analysis, and workflow automation — incorporated into daily marketing operations to improve output speed and quality.

Data Analyst / Project Manager

Mar 2022 – Jul 2024

Ferguson Enterprises Inc., Remote

- ◆ Collaborated with cross-functional teams including marketing, communications, and IT to maintain web content standards, reporting consistency, and digital platform accuracy across enterprise properties.
- ◆ Built recurring reporting dashboards and data analysis workflows using Google Analytics and Power BI — translated web performance data into actionable insights for stakeholders.

Owner and Founder

Jan 2018 – Dec 2021

Maker City Pallet Works, Knoxville, TN

- ◆ Managed all digital presence end-to-end — website administration, local SEO, Google Business Profile optimization, Google Ads, Meta ad campaigns, and email marketing across a direct client-facing business.
- ◆ Maintained accurate location listings, resolved duplicate entries, and optimized online presence across Google, Yelp, and directory platforms.
