

ALEXANDER TOBIN

Enterprise Integration Specialist · Data & Systems Analyst

(757) 289-1204 · atobin@alum.utk.edu · Virginia Beach, VA

PROFESSIONAL SUMMARY

Data integration and systems analyst with 4+ years of experience designing, supporting, and troubleshooting enterprise integration workflows, data pipelines, and cross-platform connectivity in B2B environments. Experienced in working across large-scale enterprise systems including SAP-adjacent tools, EDI platforms, and cloud data services. Strong foundation in technical documentation, process analysis, stakeholder communication, and system integration testing.

CORE SKILLS

Enterprise Platform Integration · Systems Integration & Connectivity · API / Data Feed Management
SQL / MS SQL Server · XML Data Processing · ETL / Data Pipeline Development
Technical Documentation & SOPs · Gap & Root Cause Analysis · UAT / System Integration Testing
Azure DevOps · GitHub · FTP / SFTP / AS2 · Agile / JIRA · Microsoft Excel (Advanced)

PROFESSIONAL EXPERIENCE

Freelance Developer & Data Analyst

Jan 2026 – Present

Self-Employed

- Built automated data ingestion pipelines with structured validation, error handling, and monitoring; maintained documentation of data flows, schemas, and integration logic.
- Designed normalized database schemas and multi-stage data pipelines with full CRUD operations and production monitoring.

EDI Integrations Project Manager

Mar 2022 – Jul 2024

Ferguson Enterprises Inc., Remote

- Led end-to-end onboarding of trading partners to enterprise B2B integration platform, managing cross-system data connectivity and ensuring adherence to complex integration requirements.
- Monitored data feeds and transaction flows across enterprise systems; identified systemic risks, mapping discrepancies, and connectivity issues; coordinated resolution with trading partners and internal teams.
- Utilized FTP, SFTP, and AS2 connections for secure data transmission; leveraged XML and SQL to validate data accuracy and improve process efficiency across enterprise workflows.
- Performed gap analysis and root-cause assessments on integration failures; developed and maintained detailed process documentation and SOPs.
- Collaborated cross-functionally with IT, operations, and business stakeholders; supported UAT for system enhancements; tracked deliverables using JIRA and Azure DevOps (Agile).

Supply Chain Data Analyst

Jan 2021 – Dec 2021

ZenEvo Chocolate, Knoxville, TN

- Validated and transformed data from multiple enterprise sources; tracked KPIs and identified process improvement opportunities across Planning, Manufacturing, and Procurement.
- Produced analytical reports and collaborated cross-functionally with planning, procurement, and sales teams.

Data Analyst Student Assistant

Nov 2014 – Dec 2019

University of Tennessee

- Developed SQL, Python, and Excel skills through applied data analysis using Azure, MS Office Suite, and SAP.

EDUCATION

Bachelor of Arts — Pre Law/Legal Studies, Business Concentration

Aug 2019

University of Tennessee, Knoxville, TN

CERTIFICATIONS

Google Analytics Certification · Google Project Management Certification · UVA Project Management Course · DP-203: Azure Data Engineering (In Progress)
